

Road Construction Division (Collingwood)

About Us

Seeley and Arnill Construction's Road Construction division has been in operation since 2001. Their specialization is in the creation of new subdivisions (water, waste, drainage, roads, etc.), and rehabilitation of existing ones.

Work Location

Road construction activities are focused in Collingwood and surrounding areas.

Working Hours / Lifestyle

Our road construction crew regularly works 10 to 12 hours per day, 5 to 7 days per week. When work locations are remote (rarely), motel accommodations are provided, along with a meal allowance.
